NOTE — Contn. sheet

1 Mr. S. Subbarao from what I have learnt of him would appear to possess attainments above the average

He has passed the 2nd C.S. & L.R.C.P. London, and has taken the D.P.H. He had previous to leaving for England, obtained the B.A. & M.B. & C.M. degrees of the Madras University.

He is I believe in no way superior to Messrs Krishnaswamiengar & Karne who have recently been entertained as Assistant-Surgeons of the 2nd grade on Rs: 250/- p.m.

I recommend him therefore to be appointed as a 2nd grade Assistant-Surgeon on Rs: 250/- p.m.

As I understand however that the Government are inclined to take action on the representation made by Col: J. Smyth & D. I. Ms; that placing Messrs Krishnaswamy Iyengar and Karne on the general list of Assistant-Surgeons will act prejudicially to the interests of those that have already rendered good & efficient service as Assistant-Surgeons I would suggest that Mr. S. Subbarao be classed along with Messrs Krishnaswamy Iyengar and Karne in a separate list - so as not to interfere with the promotion & prospects of the men in the general Cadre of Assistant-Surgeons.

P.T.O.

In the appointment named August 1st
Likelihood being made Assistant to the
Native Physician, should one be appointed
the near future, and attached for duty
the evenings at the General Hospital
Negapore where he could keep himself
in touch with general surgery in which
branch of knowledge I understand he
is particularly interested Either Mr Kang
Chan or Mr Kangsaama could in this case
be relieved of [redacted] his duties in the Police

21 This is I believe the third supernumerary in the department, and it is plain that such additions cannot go on indefinitely. There are more medical ~~men~~ students in Europe and I cannot well see how we are to dispose of them when they return. Though I think it very objectionable to create such supernumerary places for men; & this seems to be a case in which there is some justification for going out of the way.

In the medical department there is ample field for ~~making~~ using the services of any number of additional men and the only limit to that of expenditure. If keeping these three men on a separate list as suggested by the Senr. Surgeon means that they are to be always supernumerary, I al-

Since there are three supernumerary men and quite a number of medical men qualified to teach available, I would strongly urge that ~~for~~ classes be opened in Bangalore for the training of Hospital Assistants, Midwives & Nurses.
